Founded in 1989 as an irrigation company, Oasis Landscapes & Irrigation has been serving metro Atlanta for over thirty years. While we may have evolved into one of the Southeast's premiere design-build landscaping firms, we haven't forgotten our beginnings. Oasis is still meeting our clients' lawncare needs – from drainage issues, irrigation, and seasonal color to turf maintenance – with care and dedication.

RESIDENTIAL LANDSCAPING

Our residential landscaping philosophy is intentionally dual-focused. First, we collaborate with you to create thriving exteriors that reflect your unique needs, personalities, and tastes. Then, we completely and seamlessly take care of it so you don't have to.

- OUTDOOR LIVING
- MAINTENANCE
- ENHANCEMENTS
- DESIGN & BUILD
- IRRIGATION

COMMERCIAL LANDSCAPING

Unlike a home exterior, which should reflect a personal unique taste, a corporate campus is different. More deliberate. Function and form combine in a balanced embrace to deliver smart flow and visual appeal. Oasis understands these dynamics and brings them to bear in our full-service commercial maintenance program.

- LANDSCAPE MAINTENANCE
- DRAINAGE SOLUTIONS
- IRRIGATION MAINTENANCE
- CORRECTIVE PRUNING
- MULCHING / PINE STRAW
- ENHANCEMENT PROJECTS
- SEASONAL COLOR BEDS
- LANDSCAPE INSTALLATION
- CLEAN UP
- FERTILIZATION / WEED CONTROL

IDEAL CUSTOMER REFERRALS

Oasis Landscapes & Irrigation caters to both residential and commercial clients in metro Atlanta. The ideal residential referral is the homeowner interested in creating high-end outdoor living areas to maximize their quality of life. For commercial projects, we are looking for facility managers who are charged with hiring vendors for the properties they oversee.

STRATEGIC BUSINESS PARTNERS

Businesses partnerships that would be mutually beneficial for Oasis Landscapes & Irrigation include home builders and remodelers, along with other outdoor design/build contractors such as pool companies and professional fencing installation services.
