

## Accounts Payable Automation

AP managers, approvers, controllers, and CFOs use AP Automation by Ottimate to work through the entire invoice lifecycle.

Automatically upload, code and export invoices to save time and money. Ottimate's always talking with your Accounting Software. Never backfill an accounting or AP system again. Ottimate keeps everything up-to-date in both directions.

### Our Services:

- Accounts Payable Automation
- Accounting Software Sync
- Industry specific AP automation
- Line-Item Accuracy of 99.7%
- Invoice Instant Capture
- VendorPay
- Spend Management
- 2-and-3 way PO Matching
- Multi-Entity Management

### ERPs We Integrate With:

- Acumatica
- Sage Intacct
